

Mar Carlo B. Deligero

FULLSTACK DEVELOPER — PHP / LARAVEL & TAILWIND CSS

deligero.c@yahoo.com · Northern Mindanao, Philippines

SUMMARY

Fullstack developer building end-to-end web applications with PHP and the Laravel framework on the backend, and clean, responsive interfaces with HTML, CSS, Tailwind CSS and JavaScript on the frontend. Comfortable owning a feature from database schema and API route through to the interface that uses it.

TECHNICAL SKILLS

Backend

PHP · Laravel
Eloquent ORM
MySQL
REST APIs
Artisan CLI

Frontend

HTML5 · CSS3
Tailwind CSS
JavaScript
Blade Templates
Responsive UI

Tools

Git & GitHub
Composer
Postman
VS Code
NPM / Vite

PROJECTS

Inventory & Sales System

Laravel · MySQL · Tailwind CSS

Built an inventory manager with real-time stock tracking, low-stock alerts, and a Tailwind dashboard for daily sales reporting.

Client Booking Platform

Laravel · JavaScript · Blade

Built an appointment booking app with Blade views, form validation, and a JavaScript-driven calendar for scheduling.

Portfolio API

Laravel · REST API · HTML/CSS

Built a REST API serving project and blog content to a Tailwind frontend, practicing Laravel API resources and authentication.
